### WHIST TOURNEY MARKED SUCCESS

Jones and Davis Winners With Plus 45—Large Entry List.

The annual tournament of the Washington Chess, Checker and Whist Club for the championship of the club closed last week, with Jones and Davis winner, with plus 45.

The tournament just closed was one of the best ever held at the club. The playing was interesting and close, considering that so large a number were playing, there being two twenty pairs.

At the start all the pairs made special efforts to win, among whom Stine and Townsend made the greatest, having won the first round with plus 16, double that of the second pair. Stine and Townsend did not continue their good playing. They finished ninth with plus 1 in second round, but in the third they came back to their standard with plus and at the close of the third round were leading the others by a good margin. In the next two rounds their play-ing was not so good, for in the fourth they finished with plus 3, and in the last met their downfall by making last place with minus 13. This score threw them completely out, and they finished fourth with plus 17. Jones and Davis, the win-ners, have played good whist all throughout the tournament. The first round ended with plus 3 to their credit. After that Jones and Davis continued to play first class whist, having a total of 40 pluses for the second, fourth, and

Polk and Nye, who won second place, did not start so well, having broken even in the first round, but after that their playing was always the best, and they finally won second place, with plus Lavender and Lewis have third place with plus 21. With a minus 2 in the first round, they increased their score until then ended in third place

Stine and Townsend have third place with plus 17, and Queen and Zimmel man have fourth with plus 13.

Three local records were broken and three more were equaled, so that Mc-Masters, the old Harvard trainer, who handled the navy athletes this season, is receiving hearty congratulations.
